

THE MOST IMPORTANT WORD IN THE ENGLISH LANGUAGE TODAY IS SERVICE

Exploiting one's patriotism or loyalty to country for the purpose of advancing one's interests commercially, is to our mind the poorest kind of taste and the cheapest kind of publicity.

We are, of course, very proud of our record in doing our part in the Liberty Loan campaigns, but we do not advance this as a logical reason why we should be given preferment for your banking business.

PERSONAL EXPERIENCE.

To the Editor of The Robesonian:

I am writing this in regard to the kind of a life I lived up to last Saturday morning, and to give God credit for the wonderful life he has given me. And give Him credit for fear some may believe that I think I got help in other ways, from other sources which I never have.

I lived a very sinful life and I have repented, believed, confessed and God has wondrously saved me.

My life for the past 12 or 13 years up until last Saturday was a life filled full of trouble. I had no peace of mind, I believe caused from the result of sin. On Saturday God wondrously saved me through my efforts in believing on Him, and he helping me. I have already spent 4 of the happiest days to me than all my past 25 years and over which ended that kind a life Saturday. I give God credit for everything.

With God's help I am going to live for Him, fearless of man and the world.

He is going to be a Father to me and I am going to be a child to him. I have already found out this is the life to live.
